Lab Report Submission

Unless stated otherwise, each group submit one lab report that demonstrates completion and comprehension of each laboratory experiment. Only one report per group.

Due Date: Unless posted otherwise, lab reports are due the week after completion of the lab by Friday midnight in Carmen Dropbox. Late reports lose 0.5 points per day.

The lab report should have the following sections:

1. Abstract
   Brief summary of what the lab is about and your results
2. Introduction
   Background information about this lab
3. Theory (when appropriate)
4. Main Body
   Present your lab results, include all your figures, screenshots and data analysis.
5. Discussion
   Answer questions listed in the lab documents
6. Conclusion
   Brief summary of what you have learned from the lab results
7. Acknowledgements
   Acknowledge who contributed to the results
