

## SE Ohio WOW: Beginning Conversations on Woodland Legacy Planning

We will share resources and some ideas on where woodland owners can begin the journey of planning for the legacy and future of their woodlands. This session would be beneficial to current and hopeful woodland owners, their families, and their stewardship partners. We invite participants to join in the discussion & share their experiences so we may learn from each other!

**Wednesday, June 10th, 5:30-7:00 p.m.**

*Women Owning Woodlands strives to bring topical, accessible, and current forestry and natural resources information to women landowners and forest practitioners. We support women in forest leadership, women who own and manage their own woodlands, and all who facilitate the stewardship of forests.*

All are welcome! Please let us know if any special accommodations are needed.
