

Ohio Farm Custom Rate Survey – 2024

Ohio Farm Custom Work Provider/Client,

We request your assistance in securing up-to-date information about farm custom work rates and machinery rental rates in Ohio. This information is updated every-other year and published by OSU Extension. It is widely used across the state, so we need the best information available. Enclosed is a copy of the Ohio Farm Custom Rate Survey for 2024. Please provide rates that are current including the latest price increases or planned increases.

An online survey option is available at the following link:

www.go.osu.edu/customratesurvey

Or https://osu.az1.qualtrics.com/jfe/form/SV_9oZGLxsvLCjMD2e

We would ask you to please respond even if you know only have a few operations with data. We want information on actual rates, either what **you paid** to hire custom work or what **you charged** to perform custom work.

Deadline for Surveys to be completed/returned: March 31st, 2024

Thank you for your assistance!
Sincerely,

Further instructions on select sections:

Fuel At the beginning of the survey please indicate whether your survey responses (custom rate quotes) include fuel. Select “Include Fuel” if your custom services include fuel with the cost. Select “Do Not Include Fuel” if fuel is an additional charge/surcharge or the custom work client is required to provide fuel.

Silage Harvest (Pg.2, 1st Column) Please circle what type of storage that is used:

1.Bunker, 2.Silage Bag or 3.Upright
