

Check one (You should have 8 hours total by the end of the project)

Hour	1	2	3	4	5	6	7	8
------	---	---	---	---	---	---	---	---

Note: This was not babysitting.
My mom and grandma were
babysitting my little cousins
while I sat and watched at the
top of the stairs for both hours
on 10/14/17.

1. **Date:** _____
2. **Time** (1-hour increment): _____ - _____
3. **Location:** _____
4. **Age Observed:** _____
5. **Please list 5 behaviors/incidences that you observed within the hour:**

- 1.
- 2.
- 3.
- 4.
- 5.

6. **Choose 1 observation/incidence from the list you created in the previous question. Write the number of your choice below, then apply 1 theory or concept from the book to your observation. The behavior/action/incidence you observed should be supported by text from the book (and a page #).** (e.g., *Were you surprised by what you saw? Why or why not? Did the book support what you saw? How?*)

#

Location Information (ONLY if you chose to observe outside of the Schoenbaum Center)

Name of Supervisor: _____

Phone Number of Supervisor: _____

Email Address of Supervisor: _____
