Report:

As of April 6, 2006, 164 people are registered for the MAC Conference. We have benefited greatly from the efforts of the LAC, and the LAC co-chairs Anke Voss and Don Cavallini.

The spring meeting is set up like a traditional spring meeting. We attempted to make the sessions as diverse as possible, both in subject and level, as well as the backgrounds and interests of presenters, to appeal to a majority of MAC members.

The workshops were coordinated by Mary Ellen Ducey and the Education Committee.

An abbreviated program schedule appended to this report. A full report will be provided to Council following the meeting.
