Measure: 10.2.3 A

What document is present to demonstrate conformity with the measure?	
Document Title	10.2.3 A #1 Ex 1 PDO Newsletter 10.2.3 A #1 Ex 2a OTF Minutes 10.2.3 A #1 EX 2b CDC Fentanyl Summary PPT
File Name	10.2.3 A #1 Ex 1 PDO Newsletter 10.2.3 A #1 Ex 2a OTF Minutes 10.2.3 A #1 Ex 2b CDC Fentanyl Summary PPT
File Identifier	10.2.3 A #1 Ex 1 PDO Newsletter 10.2.3 A #1 Ex 2a OTF Minutes 10.2.3 A #1 Ex 2b CDC Fentanyl Summary PPT

What does the evidence say to the reviewer?	
Are the required elements flagged or highlighted (is it branded, dated, out of draft, signed)?	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
Do the narratives, file descriptions and highlighting tell your story?	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
<p>Document Description:</p> <p>Ex 1: Page 1 of the Clermont County Public Health Injury Prevention Program newsletter from March 2016 contains an article titled Success Shown in New Prescribing Guidelines. This newsletter is distributed to the public and stakeholders via the CCPH web page, and is submitted to the Ohio Department of Health on a quarterly basis.</p> <p>Ex 2a and b: The Opiate Task Force meeting minutes document the presentation made by the CCPH Injury Prevention Coordinator on the CDC Fentanyl Investigation (see highlighted sections of the minutes for date, CCPH staff attendees, and summary of the presentation). The powerpoint presentation contains the research presented and the study findings.</p>	
<p>Measure Narrative:</p> <p>EX 1: The Injury Prevention Program newsletter is generated monthly to inform the public and community stakeholders about issues, events and topics related to drug overdose prevention. In March 2016, the newsletter contained a summary of research findings which showed a positive impact from the implementation of prescribing guidelines. The newsletter is posted on the CCPH webpage, and is included in quarterly grant reports to the Ohio Department of Health.</p> <p>Ex 2a and b: In May of 2016, the CCPH Injury Prevention Coordinator gave a presentation to the Opiate Task Force on the results of the CDC Fentanyl Investigation. Through a powerpoint presentation, the Injury Prevention Coordinator shared the research findings, including the data collected, public health implications, and recommendations. This presentation was included in a quarterly grant report to the Ohio Department of Health.</p>	

In what way would the evidence be assessed?				
How does it meet the requirements?	Fully	Largely	Slightly	Not Demonstrated
What are the areas of strength?				
What are the areas of weakness/missing elements?
