

Spring 2019
Directed Reading Program
Student Talks

Tuesday, April 16, 6:30-8:00pm
Wednesday, April 17, 6:30-8:00pm

Room 724, Mathematics Tower
The Ohio State University, Columbus

Tuesday, April 16th, 6:30 - 8:00pm

Mingxin Xie (mentor: Scott Newton)

Book: *Topology*, Munkres

Raghav Samavedam (mentor: Josiah Oh)

Book: *Galois Theory for Beginners: A Historical Perspective*, Bewersdorff

Zichuan Wang (mentor: Niko Schonscheck)

Book: *Categories for the Working Mathematician*, MacLane

Maverick Huang (mentor: Jun Wang)

Book: *Fourier Analysis*, Stein & Shakarchi

James Burton (mentor: Aniket Shah)

Book: *A Course In Arithmetic*, Serre

Wednesday, April 17th, 6:30 - 8:00pm

Kam McBride (mentor: Alex Beckwith)

Book: *Fractals Everywhere*, Bamsley

Ian Dela Cruz (mentor: Roberto Hernandez Palomares)

Book: *Physics for Mathematicians*, Spivak

Shengkai Wang (mentor: Andrew Vander Werf)

Book: *Concrete Mathematics*, Graham, Knuth, & Patashnik

Mimi Cai (mentor: Ben Call)

Book: *Lines in Positive Genus*, Diana Davis

Bethany Kain (mentor: Duncan Clark)

Book: *Algebra*, Dummit & Foote

**Directed Reading Program Organizing
Committee**

Ben Call,

Paul Duncan,

Jimin Kim

The DRP Committee would like to thank all of the graduate student mentors for their work with their undergraduate students this semester.

We would also like to thank the DRP's advisor, Dr. Dan Thompson, as well as the OSU Math Department for providing funding for this program.

Any graduate student who would like to serve on the committee may talk to a current committee member.

Any graduate or undergraduate students wishing to participate in the program next fall may apply by visiting go.osu.edu/drp at the beginning of next semester.
