Lab Report Submission

Unless stated otherwise, each group should submit one lab report that demonstrates completion and comprehension of the laboratory experiment. Only one report per group.

Due Date: Unless posted otherwise, lab reports are due the week after completion of the lab by Friday midnight in Carmen Dropbox. Late reports lose 0.5 points per day.

The lab report should have the following sections:

- Abstract:
  Brief summary of what the lab is about and your results

- Introduction:
  Background information about this lab

- Theory (when appropriate)

- Main Body:
  Present your lab results, include all your figures, screenshots and data analysis.

- Discussion:
  Answer questions listed in the lab documents

- Conclusion:
  Brief summary of what you have learned from the lab results

- Acknowledgements:
  Acknowledge who contributed to the results

- Appendix: Code
