

Ohio Beef Cow/Calf Workshop - Optimizing Herd Fertility

Fertility and reproduction are the most important economic factors for a cow-calf operation. Retaining replacement females are a long-term investment and management of heifers is critical to longevity within a herd. Join OSU Extension in Morgan County to discuss and demonstrate the practices that you might apply on your farm to improve your operation with regards to optimizing fertility.

Monday, February 20, 2023, 9:00 am - 2:30 pm, Clemens Farms 5135 N. Bankes Rd., Malta, OH 43758
