ECO-FRIENDLY APPROACH TO HANDOUTS

The Southwestern Ohio Beekeeper School uses an eco-friendly, more cost-effective approach for handouts. We do not print paper copies of the handouts. Instead, all available handouts for the school will be posted on the **Event Website** by the Thursday prior to the school. If you would prefer a hard copy of the handouts, please print them off at home and bring them with you to the school.

The Oasis Conference Center has free wifi available. You are welcome to bring a tablet or smart phone with you to view the handouts online while attending the classes.
