

# YOU ARE INVITED!

This summer, join other youth from across the country to learn movie magic from filmmaking professionals at FilmFest 4-H.

- **What is FilmFest 4-H?** A national youth event, where teens learn how movies and TV shows are made, directly from the professionals who make them!
- **But I don't OWN a cow...** 4-H is not just for agriculture and livestock, and you *don't* have to be a 4-H member to attend. FilmFest 4-H is open to all youth!
- **Will I have a good time?** Only if you like learning from cool people how your favorite films and shows happen. Each year, FilmFest 4-H gets high ratings from everyone who attends.
- **How does it work?** You, your friends and a chaperone each buy an All Access Pass (\$129). Then you arrange for your own lodging. The pass gets you in on all workshops and festivities, and the Stoney Creek Inn has a great conference rate if you'd like to join us there. Their breakfast is free, FilmFest provides lunches, and dinners are on you.
- **Give me a plan...I want to learn more!**
