

Black Jack

Releasing for play on April 21 202

Take a gamble and Risk it all.

With the current scare of Covid-19, leaving the house for something like a deck of cards is foolish. This game is designed to help you cope with these frightful times because the player does not have to leave the house to play. All they need to do is download Matlab and the files, and they'll be playing in no time.

This game offers hours of fun and can be played at any age. With these stunning graphics, you feel like you're at the casino winning stacks.

Since this game doesn't use real money, you won't be afraid to bet it all. You might be surprised at how easy and fun it is to win. So download these files on the 21st and give it a go.
