What is FOCUS?

Student-run **seminar series**

Community **outreach program**

Promoting scientific achievements of **women within chemistry**

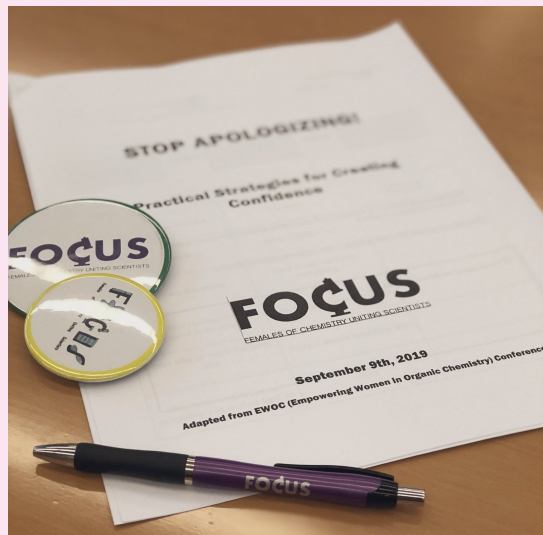

Promoting scientific achievements of **underrepresented groups in science**

Inspiring and encouraging women, minorities, and other members of the scientific community

Who can join and what has FOCUS done?

Everyone! Undergraduate & Graduate, anyone who supports diversity in STEM!

“Stop Apologizing” - Practical Strategies for boosting self-confidence

Women’s Equal Pay Day - Salary negotiation
Workshop on how to ID and articulate your value and develop negotiation strategies

Invited Seminar Series and Speakers – Prominent individuals both inside and outside the department representing and supporting diversity

Spring FOCUS Research Symposium

Prominent Industry & Academia Invited Speakers

Student Talks

Student Poster Competition

Presented by The Department of Chemistry and Biochemistry

4th Annual FOCUS Symposium
Females of Chemistry Uniting Scientists
Friday April 7th, 2023

 Dr. Annabella Selloni Professor of Chemistry at Princeton University "Structure and Chemistry of Aqueous Oxide Interfaces from Molecular Simulations" STILLMAN 100 3 - 4 PM	 Dr. Rebecca Green Senior Principal Scientist at Bristol Myers Squibb "Sustainable Route Design and Development of a Stereochemically Complex Active Pharmaceutical Ingredient" STILLMAN 100 4 - 5 PM
---	---

Professional Development Panel: 9:30 - 11:00 am | CBEC 110
Student Oral Presentations: 11:30 - 12:30 pm | CBEC 110
Student Poster Session: 1:30 - 2:30 pm | CBEC 4th Floor
Seminars: 3:00 - 5:00 pm | Stillman 100

The Ohio State University
Department of Chemistry and Biochemistry

Future FOCUS Events?

Career Panel - Oct 6th @ 3 pm

Graduate School Panel – Q&A with representatives of various graduate programs in STEM

Community Outreach - maybe partnering with COSI or local middle school

20-minute networking workshop - learn how to best leverage your connections

Spring Research Symposium – more details to come

Dr. Lauren McCullough
Dow Scientist
New Process Technology
Development

Dr. Maude Desroches
Dow Scientist
Personal care R&D

How can you become involved?

Attend General Body Meetings – Sign up for the FOCUS
listserv

Join the Symposium Planning Committee – Sign up via
email or at this meeting

Ask to Attend Executive Board meetings – Ask any
executive board member for info

Sign up for Workshops – Info sent via the listserv

Present a Poster at the Symposium – more details to come

And most importantly ... Support Diversity in STEM!

Mug or T-Shirt?

Mugs \$10 Donation

T-Shirt \$18 Donation
