

COLLEGE OF NURSING

Congratulations on your offer of admission to the Traditional Master's program at The Ohio State University College of Nursing! We are excited to help you answer your calling to care and welcome you to our graduate program.

My name is Tamara Dunaeff and I am the graduate program manager for the Traditional Master's option. My primary responsibilities include providing administrative assistance to graduate students throughout their time at the College of Nursing. I hope to be a great resource for you as you transition into your graduate program. You can learn more about my role [here](#). I look forward to working with you!

Here is what comes next for you as a newly admitted student:

Review the Virtual Admissions Packet

The Traditional Master's program has a [Virtual Admissions Packet](#) designed to provide you with information on:

- course registration
- compliance
- financial aid
- campus resources

Reviewing the Virtual Admissions Packet is the first step in orientation to your new program. We recommend reviewing all information in your Virtual Admissions Packet before attending [College of Nursing Graduate Orientation](#). The [New Student To-Do List](#) located on the Virtual Admissions Packet homepage will also help you navigate the transition into the graduate program.

Your Offer of Admission

If you have not already done so, please accept your offer of admission by the deadline stated in your admissions letter from the College of Nursing. Instructions for how to accept your offer of admissions can be found within the admissions letter from Graduate and Professional Admissions.

Accept Your Offer of Admission

Register for Courses

Important information about autumn semester registration, including what classes to sign up for, how to register for classes, and how to resolve account holds, can be found in your [Virtual Admissions Packet](#).

Enrollment appointments for upcoming semesters are posted in your [BuckeyeLink](#) Student Center. You can register for courses as soon as your enrollment appointment opens. Autumn semester enrollment appointments begin the third week of March.

You should plan to register for autumn semester courses as soon as possible. Your assigned curriculum plan is available in [Beacon](#). Please use your name.# only to log in. I will regularly audit enrollment to confirm you are in the correct courses and will email you directly if any specific action on your end is required.

College of Nursing Graduate Orientation

The [College of Nursing Graduate Orientation](#) event for incoming graduate students will be held online on August 15, 2024. Attendance is strongly encouraged. More information about the event schedule will be shared later this summer and will be posted to the Virtual Admissions Packet. We are excited to formally welcome you to the College of Nursing!

Once again, congratulations on your admission to the program! I will be sending monthly newsletters that will focus on specific sections of the Virtual Admissions Packet and will keep you informed of upcoming deadlines and other important information.

If you have questions after reviewing this information, email me at dunaeff.2@osu.edu.
