

# IDEA4PS Learning Lab

## Lecture Series

Please join us for a special event in honor of National Patient Safety Week to learn more about work being done around a telemetry and alarms project to help clinicians focus on meaningful events instead of the white noise sometimes caused by alarms.

### Clinical Alarms: How Do We Keep it Safe?

Wednesday, March 16

12 – 1 p.m.

Ross Heart Hospital Auditorium

Simulcast to:

- The James - L035 Wasserstrom Conference Room
- UH East – BistrOH! Café Conference Room

The Institute for the Design of Environments Aligned for Patient Safety (IDEA4PS) was established because of a four-year grant from The Agency for Healthcare Research and Quality (AHRQ). This "learning laboratory" is focused on improving patient safety through an interdisciplinary approach that will give us the infrastructure to improve clinical practice. Part of the grant is focused on the telemetry and alarms project.

### Featured Speakers:

- **Susan Moffatt-Bruce, MD, PhD** - Chief Quality and Patient Safety Officer; Associate Dean, Clinical Affairs and Quality and Patient Safety
- **Todd Yamokoski, CNS - MS, RN, CNS** - Clinical Nurse Specialist, Ross Heart Hospital
- **Mike Rayo, PhD** - Senior Researcher, College of Engineering Department of Integrated Systems Engineering

### At the conclusion of this event, learner should be able to:

1. Recognize current patient safety challenges and opportunities
2. Evaluate current research strategies to improve outcomes
3. Explain implementation strategies to engage teams and improve outcomes

**ACCREDITATION STATEMENT** The Ohio State University Center for Continuing Medical Education (CCME) is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

**AMA CREDIT DESIGNATION STATEMENT** The Ohio State University Center for Continuing Medical Education designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.
