

Meet Your Office of Student Affairs and Success Program Manager

Name: Gina Clark

Title: Graduate Program Manager

Email: clark.2829@osu.edu

1. Describe your role working with students. How you can help them now and in the future?

I will serve as your administrative advisor during your time in the MCR program, and will assist you with the processes and procedures of the college and university. I can assist with registration issues, important university dates and deadlines, petitions, financial aid questions, and much more. If you have a question and you are not sure who to direct it to, feel free to start with me and I can connect you to the right person or resource.

2. What is your advice for incoming students?

My advice to new students is to appreciate the rigor and commitment of the MCR program, but also recognize the importance of taking time for yourself. If you find yourself struggling, there are many resources that can assist you here at the college, and at the university level. It is important to keep in contact with your faculty advisor, so that we can do our best to guide you through your time here in the MCR program.

3. How can students make the most of the Virtual Admit Packet?

These are my tips on how to make the most of the Virtual Admit Packet:

- a. Read through everything once before taking action, writing down any questions along the way. Your questions may be answered in a later section, and if they are not, please let me know.
- b. Revisit the virtual admit packet several times between now and beginning the program. The information will stay consistent, but the intent of this packet is remind you of what needs to be completed and provide for a self-paced guide on your way to becoming an MCR student. Any changes to the information will be sent to you via email.
