

NATIONAL GEOGRAPHY AWARENESS WEEK

November 17-23, 2014

Monday, Nov 17

Planning for Graduate School in Geography – Sponsored by the Geog Graduate Organization

3-4:30pm in Derby 1186

Current graduate students will share their advice on the graduate school application process, the benefits and challenges of attending graduate school, and what life is like as a graduate student.

Tuesday, Nov 18

Faculty Talk with Grads: Professional Networking – Sponsored by the Geog Graduate Organization

12-1:30pm in Derby 1186

Dr. Bryan Mark will lead a brown bag talk for graduate students on the importance of professional networking and how to build a professional network within the field of Geography.

Wednesday, Nov 19

National GIS Day – Sponsored by the Center for Urban and Regional Analysis

10am-5pm in the Thompson Library Rooms 165 & 150B

Celebrate National GIS Day by exploring mobile GIS apps, industry displays and exhibits, and more!

Thursday, Nov 20

National Weather Service “Roadshow” – Sponsored by the Meteorology Club

4-6pm in Derby 0070

Forecasters from the NWS and Meteorologists-in-Charge at Wilmington and Indianapolis will discuss what the NWS is and how to apply for positions. OSU alum Andrew Michael will also discuss opportunities in broadcast meteorology. Option dinner to follow. RSVP at osumetclub@gmail.com.

GIS/GEOG Alumni Panel Discussion – Sponsored by the Department of Geography

5-6:30pm in Derby 1186

Recent alumni working in the Columbus area will be on hand to answer questions about the job search process and how a major in GIS or Geography can prepare you for work after graduation.

Friday, Nov 21

Robinson Colloquium Series Speaker – Hosted by the Department of Geography

Shih-Lung Shaw, Professor, University of Tennessee

3:30-5pm in Derby 1080

This year’s Robinson Colloquium speaker, Dr. Shaw, will host a presentation titled “Big Data, Human Dynamics and Space-Time GIS”. His research interests cover GIS for transportation, time geography, air transportation, and spatiotemporal analysis of human dynamics.
