- Check delivery status Surface 3
- Make reservations for flight to Amsterdam
- Call Henry for invoice status
- Make sure your passport is still valid!

During lunch we talked about the morning session. Charles wanted some more information on the specifications for the new Surface 3. Does it come equipped with a docking station?

Check specifications for Surface 3. If available send spec sheet to Charles

We also discussed the various options which can be used from Lync. Can someone please check the headset options to use with Lync because I don't want to have to shout against my Surface during a session!

Check headset possibilities for use with Lync.

Finally we came to the conclusion that for this project to succeed everyone needs a Surface 3 with no exceptions. If we do not have enough tables to distribute we won't close the deal. So essential point is to check the inventory.
