

Western Lake Erie Basin Conservation Practices Public Input Meeting

TUESDAY, FEBRUARY 22, 10-11AM

WE NEED YOUR INPUT!

Please join us for an informal discussion about conservation and structural best management practices.
Your feedback will help guide local watershed planning efforts and funding priorities

Map Legend
■ Focus Watersheds
□ Ohio Counties
— Interstate Highways

***Our goal:** Engage farmers and their trusted advisors in new production strategies, technologies, and best management practices to improve fertilizer use efficiency and farm profitability while promoting soil health and reducing nutrient and sediment losses within the western Lake Erie basin.*

What conservation and structural best management practices do you want to learn more about?

Are there practices that you think might work for your farm but you don't know where to start?

Are there practices you are interested in, if additional funding or support is available?
