EDUCATION

The Ohio State University

Doctor of Pharmacy Candidate

Bachelor of Science in Pharmaceutical Sciences, Minor in Biology

Columbus, OH

August 2018-May 2022

August 2014-May 2018

PROFESSIONAL PHARMACY EXPERIENCE

Mount Carmel St. Ann's

Manager: Dave Wells, PharmD

Inpatient Pharmacy Intern

Columbus, OH

June 2018-Present

- Manage pharmacokinetics of vancomycin and aminoglycosides to provide patient specific dosing recommendations to the multi-disciplinary medical team
- Compound sterile IV medications in accordance with USP <797>
- Gather and deliver approximately 300 patient-specific medications to the floor
- Restock the pyxis machines in each unit of the hospital and troubleshoot pyxis issues
- Inspect and replenish outdates for crash carts after each use

Walgreen's Pharmacy Store #13058

Manager: Julie Demay, PharmD

Community Pharmacy Intern

Cleveland, OH

May 2021-December 2021

- Utilized motivational interviewing techniques to ensure optimal patient outcomes
- Provided personalized medical recommendations under pharmacist supervision
- Connected with patients to build relationships and offered prescription education to promote patient safety
- Vaccinated patients aged 5 and older approximately every 15 minutes for COVID-19 and influenza

Walgreen's Pharmacy Store #6378

Manager: Jeremy Church, PharmD

Community Pharmacy Intern

Columbus, OH

November 2018-May 2020

- Consulted underserved/uninsured patients on complex medication regimens
- Update and implement prescription error prevention strategies in the pharmacy that fills about 450 prescriptions daily
- Contact healthcare professionals to coordinate patient-centered treatment plans

The Cleveland Clinic

*Principal Investigator: Sharon Mace, MD
Visiting Researcher*

Cleveland, OH
May 2017-August 2017

- Mentored and onboarded two students on a research project regarding patient perceptions of acuity
- Interviewed patients and collected data to study patient perceptions of acuity versus their providers' perceptions
- Presented three abstracts and two posters on procedural sedation at the 2018 The Society of Academic Emergency Medicine Annual Meeting

Student Intern, Research Special Project Staff

*May 2016-August 2016
May 2015-August 2015*

- Recorded and reviewed sedation documentation of 3,300 patients and produced detailed statistical analyses of the potential complications related to sedatives
- Managed paper medical documentation and migrated records from 2,000 patients into a REDCap database
- Retrieved and analyzed data using electronic medical systems and software including SQL, EPIC, and Excel
- Shadowed doctors in the Cleveland Clinic Emergency Department for a total of 85 hours
- Familiarized myself with current pharmaceutical research by meeting with an emergency medicine pharmacist

ADVANCED PHARMACY PRACTICE EXPERIENCE (ANTICIPATED)

Hospital & Health System
Preceptor: Krisztian Gyore

Cleveland Clinic Main Campus
March 2022

Infectious Disease
Preceptor: Kaitlyn Rivard, PharmD

Cleveland Clinic Main Campus
January 2022

ADAVANCED PHARMACY PRACTICE EXPERIENCE (COMPLETED)

Community Pharmacy
Preceptor: Brittiny Robinson, PharmD

Cleveland Clinic Beachwood FHC
November 2021

- Worked under the supervision of a pharmacist to provide medication refills for patients who met the criteria under the collaborative practice agreement with Internal Medicine
- Immunized, on average, 12 patients per day for COVID-19 and shingles
- Communicated with several pharmacies to provide consistent transferring of prescription information
- Prepared and presented biweekly 20-minute topic discussions on pharmacy law and disease states such as hepatitis C, fertility treatments, and open-angle glaucoma with preceptor

Critical Care (Cardiac Intensive Care Unit)

Cleveland Clinic Main Campus

*Preceptor: Stephanie Lombardi, PharmD**October 2021*

- Completed chart reviews for 5 patients daily and presented patients to the pharmacist with recommendations
- Engaged in a multi-disciplinary patient-care model by providing medication recommendations to nurse practitioners and doctors for optimal patient care
- Attended daily large group topics and small preceptor led discussions
- Staffed COVID-19 vaccination clinics 2 twice a week and immunized on average 20 patients each day

Ambulatory Care (Diabetes Clinic)

Cleveland Clinic Main Campus

*Preceptor: Kevin Malloy, PharmD**September 2021*

- Prepared patient notes for 5-10 patient appointments daily
- Conducted tailored patient visits, then presented the patient and recommendations to a pharmacist
- Made recommendations for managing each patient's diabetes, hypertension, and hyperlipidemia
- Educated patients at weekly group medical appointments about continuous glucose monitoring and helped set up their devices for remote monitoring

Emergency Medicine

Cleveland Clinic Main Campus

*Preceptor: David Tietz, PharmD**August 2021*

- Formulated antimicrobial plans based on culture results, presented patients to collaborating physicians, and followed up with patients to counsel on new treatments if required
- Attended small pharmacist led discussions with first- and second-year pharmacy residents on topics ranging from shock syndromes and sepsis to advanced cardiac life support
- Assisted the pharmacist in drawing up and labelling medications prior to intubation procedures
- Conducted medication reconciliations on patients being transferred to the inpatient hospital to streamline medication lists

Specialty and Solid Organ Transplant Pharmacy

Cleveland Clinic Beachwood

*Preceptor: Amanda Anderson, PharmD**July 2021*

- Submitted prior authorizations with pertinent documentation to CoverMyMeds
- Aided pharmacists in resolving insurance rejections and preparing medications for patients being discharged after transplant
- Worked with pharmacists to counsel patients on new starts for specialty medications, such as Repatha and Mavyret
- Attended daily topic discussions focused on transplant medicine and disease states treated with specialty medications

Community Pharmacy

Cleveland Clinic Marymount

*Preceptor: Victoria Mcmonagle, RPh**June 2021*

- Took verbal prescriptions and requested refills for medications
- Assisted with inventory management via cycle counts and checking for outdated medications
- Ordered and placed new shelf tags for the entire pharmacy inventory including OTC medications
- Addressed patient questions and counselled on new medications for patients
- Vaccinated patients for shingles and scheduled follow up appointments for second doses

Internal Medicine

Cleveland Clinic Main Campus

*Preceptor: Todd Hershberger, PharmD**May 2021*

- Worked up and followed 12 patients weekly
- Actively participated in rounds each morning with an interprofessional team
- Performed medication reconciliations on all new patients admitted to the service
- Provided warfarin counselling and education to patients prior to discharge
- Led afternoon topic discussions with preceptor

INTRODUCTORY PHARMACY PRACTICE EXPERIENCE**Medication Reconciliation**

OSU East Hospital

*Preceptors: OSU East Clinical Pharmacy Team**April 2021*

- Reconciled patient medication lists and reviewed pertinent allergies with patients
- Interviewed patients for recent medication changes and use of any over-the-counter medications, herbals, vitamins, or supplements

Community Intensive

Meijer Pharmacy-Westerville, OH

*Preceptor: Stephanie Reichert, PharmD**January 2021*

- Aided the pharmacist in conducting the annual inventory count of controlled medications
- Counselled patients on new start medications and made recommendations for over-the-counter medications for minor ailments
- Immunized patients for shingles, influenza, and tetanus vaccinations according to immunization schedules

Hospital Intensive

The James Cancer Hospital

*Preceptor: Lynn Wardlow, PharmD**December 2020*

- Rounded with the infectious disease pharmacist daily to observe patients
- Worked up 4 patients a day and presented summaries of patients' statuses to preceptor
- Reviewed patients' labs and cultures, identified instances in which patients could be switched to targeted antibiotic therapy to promote antimicrobial stewardship

Inpatient Psychiatric

River Vista Health and Wellness-Columbus, OH

Preceptor: Jon McClymont, PharmD

November 2020

- Shadowed the director of pharmacy and attended operations meetings to see the processes of the institution
- Assisted in the revision of department policies
- Discussed drug utilization reviews and verified provider orders

Inpatient Surgery and Critical Care

Mt. Carmel St. Ann's

Preceptor: Jennifer Yee, PharmD

November 2020

- Toured the operating room (OR) and transcribed orders with the OR pharmacist
- Shadowed the infectious disease pharmacist and discussed appropriate therapeutic modifications for patients on empiric antibiotic therapy
- Rounded with the ICU pharmacist and reviewed provider orders
- Shadowed the ER pharmacist and assisted with codes

Integrated Health Information Systems (IHIS) Simulation

Virtual

Preceptor: Ronni Ehlers, PharmD

September 2020

- Worked-up a simulated patient in EPIC and presented recommendations
- Navigated the EMR to explore common places of confusion that can lead to charting errors

Medication Reconciliation

The James Cancer Hospital

Preceptors: The James Clinical Pharmacy Team

October 2019

- Carried out medication reconciliations each day for the hematology/oncology floor
- Interviewed patients and confirmed medication lists by calling the pharmacies the patients utilized

Community Rotation

Kroger Pharmacy-Grove City, OH

Preceptor: Diane Tschertan, RPh

May 2019

- Counseled patients on new medications, adverse drug reactions, and adherence aids
- Assisted patients in finding over-the-counter drugs to treat common conditions
- Utilized Outcomes to contact patients for reminders for vaccinations, to schedule well-child visits, and prescription pick up reminder calls

Geriatric Rotation

Seton East-Columbus, OH

Preceptor: Ruth Emptage, PharmD

October 2018

- Perform medication reconciliation for 2 residents of the assisted living facility
- Ensure proper medication selection and reduce adverse drug events of drug use of older adults

ADVANCED PHARMACY PRACTICE EXPERIENCE PRESENTATIONS**PIRRT Dialysis and Dosing Daptomycin Patient Case**

Cleveland Clinic Main Campus

Attendees: 6 Pharmacists and 4 student pharmacists

October 2021

Postoperative Management of Convergent Procedures

Cleveland Clinic Main Campus

Attendees: 6 Pharmacists

October 2021

Finerenone Journal Club <i>Attendees: 6 Pharmacists and 4 student pharmacists</i>	Cleveland Clinic Main Campus <i>October 2021</i>
Pharmacotherapy Considerations Following Kidney Transplantation <i>Attendees: 2 Pharmacists and 1 student pharmacist</i>	Cleveland Clinic Main Campus <i>September 2021</i>
Ruxolitinib for Glucocorticoid-Refractory Chronic GvHD <i>Attendees: 8 Pharmacists and 1 student pharmacist</i>	Cleveland Clinic Specialty Pharmacy <i>July 2021</i>
Diabetic Ketoacidosis Patient Case Presentation <i>Attendees: 8 Pharmacists and 2 student pharmacists</i>	Cleveland Clinic Main Campus <i>May 2021</i>
Sotatercept for Treatment of Pulmonary Arterial Hypertension <i>Attendees: 8 Pharmacists and 2 student pharmacists</i>	Cleveland Clinic Main Campus <i>May 2021</i>

- **Peterson B**, Ulintz A, and Mace S. “Procedural Sedation in the Emergency Department: Does NPO Status Matter?”
- **Peterson B**, Ulintz A, and Mace S. “Is Procedural Sedation for Cardioversion in the Emergency Department Safe and Effective?”
- **Peterson B**, Ulintz A, and Mace S. “Geriatric Procedural Sedation in a General Emergency Department: A 15-Year Experience”

POSTER PRESENTATIONS

Society of Academic Emergency Medicine Annual Meeting Indianapolis, IN
Attendees: physicians and medical residents *May 2018*

- **Peterson B**, Ulintz A, Worley J, and Mace S. “Transfer for Procedural Sedation is Not a Risk Factor for Adverse Events”
- **Peterson B**, Ulintz A, Worley J, and Mace S. “Fifteen Years' Experience With Pediatric Procedural Sedation in a General Emergency Department”

PUBLICATIONS

- Mace S, Ulintz A, and **Peterson B**. Fifteen Years' Experience with Safe and Effective Procedural Sedation in Infants and Children in a General Emergency Department. *Pediatr Emer Care* 2021;37: e500–e506.

PROFESSIONAL LEADERSHIP AND INVOLVEMENT

Student National Pharmaceutical Association (SNPhA)

Historian

April 2020-April 2021

- Maintained and updated the Ohio State SNPhA chapter website
- Posted weekly updates to social media pages to keep members engaged with chapter events
- Met biweekly with the executive board to organize events and streamline communications

Chapter Delegate

April 2019-April 2020

- Formally represented the Ohio State SNPhA chapter at regional and national conferences
- Organized and planned events with other members of the organization's executive board
- Mentored undergraduate students interested in attending pharmacy school

CLIA Waiver Committee

September 2019-April 2020

- Met biweekly with college of pharmacy faculty and staff to plan the implementation of point of care testing
- Worked with representatives from each college of pharmacy student organization to plan community health events
- Developed protocols to facilitate compliance with a CLIA waiver and ensure patient privacy

Kappa Psi Pharmaceutical Fraternity

Risk Management Chair

April 2019-April 2020

- Evaluated potential hazards and liabilities prior to chapter events
- Submitted written risk assessment forms to the executive board outlining risk mitigation strategies
- Collaborated with other members of the province planning committee to secure donations and staff the event

OUTREACH PROJECT MANAGEMENT

Operation Christmas Child via Samaritan's Purse and SNPhA

October-December 2019

- Collaborated with Powell Pharmacy to fundraise and organize a gift-wrapping event involving faculty, staff and students to prepare over 100 presents to be sent to underserved children

Christmas Geriatrics Outreach

December 2020

- Organized a Christmas card decorating event and hand-delivered over 100 cards to 3 different nursing homes throughout Central Ohio

VOLUNTEER ACTIVITIES

Columbus Free Clinic

Pharmacy Intern Volunteer

Columbus, OH
December 2020

- Support ambulatory care pharmacists in providing medication refills for patients and recommend appropriate therapy adjustments for those patients to providers
- Clinic serves both uninsured and underinsured patients
- Utilize translators to conduct visits with patients and counsel on medications

Helping Hands Free Clinic

Pharmacy Intern Volunteer

Columbus, OH
December 2019

- Shadowed medical doctors during patient visits
- Focused on serving uninsured and underserved adults with incomes below 200% of federal poverty guidelines
