**Semester to be enrolled:**

**I am interested in pursuing a certificate program in addition to my degree and I understand the following:**

1. My Nursing curriculum courses must take priority over certificate courses. I cannot change my practicum or lecture times to accommodate my certificate classes.
2. This Certificate program consists of 12 credit hours.
3. I must be fully compliant with certificate compliance requirements.
4. I must earn a B- or better in my certificate coursework, and remain above a 3.0 minimum cumulative GPA.
5. At least 50 percent of the credit hours required for the certificate must be unique to the certificate and cannot be used toward any other academic program.
6. Completion of a certificate program will result in an academic certificate.
7. I understand the certificate requirements and certify I meet them.

Please place a check next to the coursework to be completed or that has been completed as part of this certificate:

More information can be found in the university's course catalogue: <https://classes.osu.edu/class-search/#/>
