Battleship video storyboard

Group Q Darren Takaoka, Jeff Feng, jiawei Huang, Andy

SDP

We in Group Q got together to design games for our SDP project.

Darren: voiceover summary of his part in project

Andy: voice over explaining his contributions

Jeff : voiceover summary of his part in project

Jiawei: voiceover summary of his part in project

quick clips of game

It's very hard

(insert voice over with video of game play of the computer winning)

"Battleship by group Q is a new never before seen iteration of a timeless classic that is battleship"

Dynamic and intuitive gameplay!

Insert voice over and video of the various user options of deployment of ships and etc.

"In Battleship players compete against one another or computer to obliterate the opponents fleet-"

It's probably too hard for you ……

"It is not for everybody. It challenges the brain as no other Game. Do you have what it takes ? "

Buy the game and find out

List retailers or places to buy the game
