

# CRP2110 BLOG NO. 5

## INSTRUCTIONS

For this blog, each of you are in charge of completing the assignment below and are required to submit the assignment individually to the course website. The individual blog post should be roughly 300 - 500 words. On March 7th, we met downtown and learned about Historic Preservation. Designing Local would like each of you to do the following:

- 1: Select a vacant or abandoned building in your hometown or current city that is worth saving.**
- 2: Document the building's history from research. When was it built? What was its original use? etc.**
- 3: Provide reasons why you think this building should be saved? Unique architecture? Unique history? Provides an identity to the community?**
- 4: Identify potential funding sources to preserve your selected building.**
- 5: What should the building be used for now? (i.e. loft apartments, restaurant, office space)**
- 6: Provide at least one exterior image of the property.**

**Assignment is due Thursday, March 23rd by 3:55pm.** Remember to write in paragraph form and be professional and concise in your writing. The blog posts will be sent to Designing Local for review.
