

YoS: Teaching Kindergarteners Greek language

Athena Stamos

Project Description:

For my Year of Service, I decided to volunteer at my local church (Assumption Greek Orthodox Church) in St. Louis, Missouri teaching kindergarteners the Greek language. Throughout the year, I had the opportunity to create lesson plans, meet with other Greek School teachers, and teach my own class!

Major Takeaways:

As far as major takeaways, I learned so many things from this service experience. I took the time to get to know the students and tried to make content engaging for them to learn virtually. I wanted to make sure I created a fun and inclusive learning environment for the students. I also had the opportunity to strengthen my sense of empathy towards others both in and out of the classroom. I wanted to strive to be a role model for my students as not too long ago I was in their shoes.
