

STAT 1450 News & Important Dates

StatsPortal Items

- The TAs and I are aware that many of you use the resources posted on Carmen to complete homework assignments and quizzes – even though these assessments function independently of Carmen. After further deliberation, the deadlines for HW8 and Qz8 have been extended to Thursday, November 13th at 11:55p.m.
 - You still can use the resources within Suite 8 (e-book pages, tutorials, calculator guides, etc...) to complete the assessments prior to November 13th.
 - There will be a daily extension of the deadlines should the outage persist.
-

Additional Support

- Look for a follow-up email with additional MSLC hours to be held by STAT 1450 TAs.
 - Attachments to this email include: Power Points and Lecture Notes for Chapters 15, 16, and 18; Exam 2 Review Exercises (and Solutions); and Exam 2 from AU13 (and Solutions).
-

Exam 2

- We will begin using the same formula sheet used on the Final Exam.
- The graphing calculator is permitted. Students only need to provide the calculator function associated with the solution.
- Please wait a few days and attempt the AU13 exam as if it were the actual exam.
- Exam 2 is **Monday, November 17th 6:30p – 7:25p** in two locations
Jennings (JE) 0001 (TR 8a lecture) Schoenbaum (SB) 0150 (TR eve & WF morning lectures)
TR eve students should sit in center of the hall. WF morning students sit on far right or far left.
- Send an email to Dr. Baker, and your TA if you have a scheduling conflict. The make-up exam will be administered twice Tuesday, November 18th. It is offered only to students with pre-approval.
7a – 7:55a Ramseyer 065
3p – 3:55p Ramseyer 065
