# Keys for Scheduling Season

## Check Your To-Do List on My Buckeye Link

To-Do List items like the Financial Responsibility Statement (to be completed each semester) and the Buck-I-CARE module are accompanied by registration locks, so complete those right away.

## Check Enrollment Appointment on 10/11

Check My Buckeye Link to see when your scheduling window opens. Click “Details” to see exactly what time your window opens.

After your first semester...

you can schedule on your own!

Don't wait for an advising appointment—give it a try right when your window opens. You can always check with an advisor after.

## Planning Your Classes:

- 1. Run a Degree Audit on your top major**  
It will show you what you have yet to complete
- 2. Search options for needed GE categories**  
<https://ehe.osu.edu/ugss/scheduling/course-search/>
- 3. Find classes to help you explore interests**  
Gaining insight into your top major ideas is more important for degree progress than completing your GEs, which just need to be completed by graduation
- 4. Use Schedule Planner to plan schedule**  
Run this right when your window opens; send your favorite schedule to Quick Enroll to add classes
- 5. Follow up with an advisor**  
Check with advisor for ideas based on your plan
